Implied grade boundaries

TMUA 2019

Paper 1, Paper 2 and both combined

Scale: estimated 2024+ equivalents.
Analysis: The papers are the property of their respective owners; no paper content is reproduced here.

The scale used

These figures are estimated equivalents on the 2024+ scale. The scale was tightened noticeably through the middle when the exam changed hands, so a grade on the older scale is not worth the same today.

There is no official conversion for this, so it is an estimate, using my best available information.
